Joan,

Lucy is our GIS specialist for our division. She had asked or was told by her supervisor to check the tribal status of each of the USTs and LUSTs on our USTRAC database list (the one we used to answer our FOIA). She came up with several facilities that she has determined are off the reservation. I would like for you to follow-up with her when she returns to the office on January 5th. Let's discuss.

Sherry

Hi Sherry,

I geocoded the addresses you sent me:

Tribal Leaking Tanks – 13 out of 242 facilities are not on tribal land or have an unknown location according to the address, I added the first column and edited some addresses.

Tribal Tanks – 309 out of 1,565 facilities are not on tribal land or have an unknown

location according to the address. I didn't manually check them since geocoding might not locate PO Box locations correctly, but this is a good estimate. There are two extra tabs that list which facilities are on tribal land or not.

Rather than fill out the TEA spreadsheet, I thought I'd send these spreadsheets back to you and let you add in the facilities you want to add.

I'm out until Monday, Jan. 5, but let me need if you need more assistance.

The spreadsheets are the same data as the Access database just in Excel.

Hi Sherry,

I remember talking to Mark Restaino and Burdell Chapman a few years ago about a Tribal Tanks database or list. Are these excel reports more current than those?

Lucy,

Please see the attached lists of tribal UST and LUST sites. We don't have a list of USTs and LUSTs for the six state region because that list would be very long (30,000 facilities are so). We are mostly interested in verifying the facilities that we think are in Indian country are actually in Indian country.

We already have you working on verifying the LUST sites for the Saginaw tribe. There is also a list of active UST sites for that tribe and the lists are different.

Anyway, before you do too much work on this we should discuss it.

Sherry

Please find attached the requested UST and LUST reports. Time to prepare was 5 minutes. If you require additional data or would like this data cleaned up, please advise.

Joan,

I don't think anything has changed in USTRAC since we did our last FOIA response. We might be able to just submit the same excel spreadsheet.

Hi Gary and Jean,

How are you? Attached is the above referenced FOIA request for USTs and LUSTs on Region 5 Indian Land Excel Reports.

Thank you for your assistance,

La Nita
